

BUECHEL
STONE CORP.

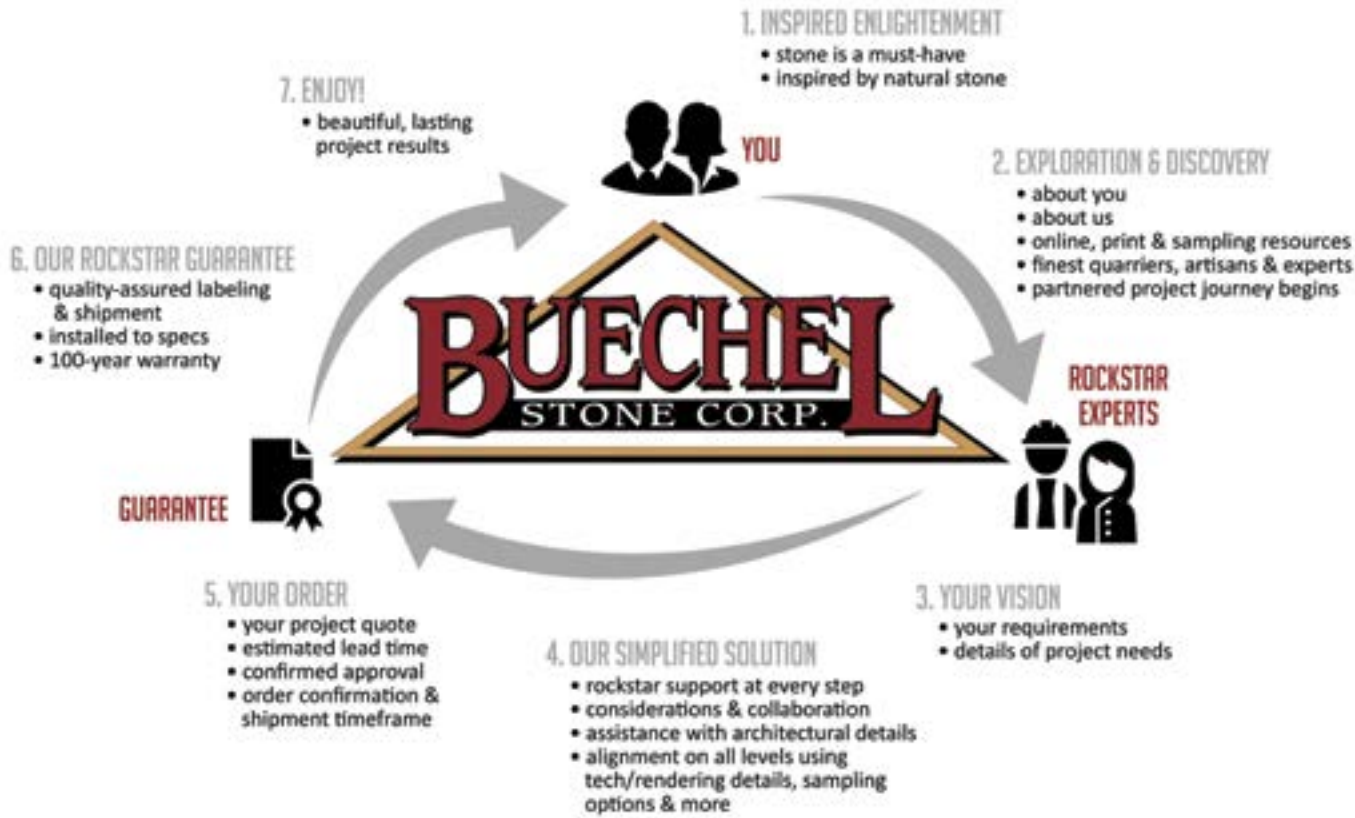

THE ONLY REAL CHOICE IN STONE

Courage — that’s pretty much all Francis & Alyce Buechel had to rely on in 1964 when they converted their 125-acre family farm to a quarry and founded Buechel Stone. Since then, the family’s passion for providing a great customer experience has been instrumental in our continued growth in natural stone through industry-leading design assistance, sample selection, and our rockstar employees. We all understand our job is to make your Buechel Stone selection fun, memorable, and permanent.

Our mission of providing the best, most dependable experience in the natural stone industry — guaranteed — helps us retain the best rockstars and most satisfied clients who are seeking something more than just stone — they want someone to take away the uncertainty that is inherent with such an important decision. Our Worry-Free Client Experience is our commitment to you for an enjoyable and memorable process, from inspiration to installation.

BUECHEL’S WORRY-FREE CLIENT EXPERIENCE

FIELDLEDGE

FIELDLEDGE HIGHLIGHTS THE HISTORICAL SIGNIFICANCE OF STONE FROM A TIME WHEN MASONRY SERVED AS A STRUCTURAL BUILDING PRODUCT. FIELDLEDGE STONES HAVE A ROUGH TEXTURE AND APPEARANCE. UTILITARIAN IN FORM, STONES IN THIS LINE GIVE EACH PROJECT AN ANTIQUATED FEEL, TAKING YOU TO THE TUSCAN COUNTRYSIDE OF ITALY OR SIPPING WINE AT A FRENCH VILLA IN BORDEAUX.

BUECHEL STONE'S PACKAGING HAS QUALITY CONTROL NUMBERS TO ENSURE THAT IF THERE ARE ANY PROBLEMS, WE CAN TRACK ITS PRODUCTION HISTORY AND IMPLEMENT CORRECTIVE ACTION.

WE ALSO PERFORM RANDOM QUALITY INSPECTIONS TO MAKE SURE THE PRODUCT IS ACCURATE, TO SPEC, AND WITHIN COVERAGE REQUIREMENTS.

LEDGESTONE

LEDGESTONE WAS USED BY EARLY AMERICAN SETTLERS FOR FOUNDATIONS, CHIMNEYS, AND WALLS. THE THIN LAYERS MADE FOR EASIER INSTALLATION SINCE THE LOWER HEIGHTS WERE EASIER TO COURSE. OUR LEDGESTONE LINE REVIVES THIS LOOK. RUSTIC IN FINISH, THE END RESULT GIVES A TIME-HONORED AMERICAN DESIGN TO ANY BUILDING, FIREPLACE, OR ACCENT WALL.

MOSAIC

MOSAIC IS THE ART OF CREATING IMAGES WITH AN ASSEMBLAGE OF SMALL PIECES OF STONE - ONE OF THE OLDEST FORMS OF ART. THE PUZZLE PIECES COME TO LIFE AS EACH STONE IS ADDED TO THE WALL. AS MASONS TURN, SPIN, AND SHAPE EACH PIECE, THEY LOOK TO FIND THE RIGHT RESTING SPOT FOR THAT STONE TO CALL HOME. THE UNIQUE SHAPE OF EACH STONE COMES TOGETHER FOR A FINISHED COHESIVE APPEARANCE.

TAILORED FIELDLEDGE

INSTALLATION

CORNERS

When working with our Tailored Fieldledge, 90° corner returns are not used. Instead, corner pieces have one square natural end and one irregular end.

NATURAL SQUARED END

Corners are formed by abutting the corner piece at a right angle with the square edge of a neighboring natural thin veneer flat. The resulting butt joint leaves the natural square end of the corner piece exposed.

NTV ONLY

Our Tailored Fieldledge is only available in Natural Thin Veneer.

TAILORED FIELDLEDGE COMBINES THE HISTORIC APPEARANCE OF RUBBLE STONE WITH PRECISION-SAWN HEIGHTS FOR SIMPLIFIED INSTALLATION. THE CLEAN HORIZONTAL LINES OFFER A THROWBACK TO CLASSIC ART DECO DESIGN, WHICH OFFERED RECTANGULAR BLOCKY FORMS OFTEN ARRANGED IN GEOMETRIC FASHION BUT STILL AIMING FOR A MONOLITHIC APPEARANCE.
