1 unit / pallet

60" x 20" x 12"
1,080 lbs. / unit
1 unit / pallet

48" x 20" x 12"
890 lbs. / unit
1 unit / pallet

36" x 20" x 12"
660 lbs. / unit
1 unit / pallet

LAYING PATTERNS

Note: Minimum radii shown are based on an average mix of block lengths. Actual radius will depend upon block placement.

Due to the setback between courses of blocks (2.25 inches per course), the radius of convex curves will get smaller towards the top of the wall. It is recommended that you plan your base course layout accordingly due to the tapered ends of the upper courses becoming tighter. The overall radius will decrease as the wall is constructed.
